

Clever

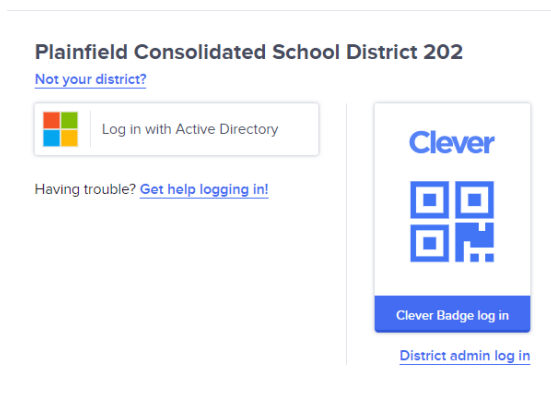

Clever brings all our district applications into one secure portal and provides single sign-on for everyone in the district.

Clever is available on our school website, <http://itms.psd202.org/>, but you can also access it through the search bar in the bottom left corner of your screen.

Find and launch Clever from the start menu or website.

Select Log in with Active Directory

Select "Teacher" or "Student" login.

You will see a list of applications that you can access. You will not have to put in your usernames or passwords for these applications, Clever stores it all for you!
